

Agronomy Internship Summer 2013

Our 2012 Internship Program is already filled for the season. Please send us your resume for our 2013 Internship Program.

POSITION SUMMARY

Lennard Ag Company has a great internship opportunity available at our Howe, IN and Samaria, MI farm as an **Agronomy Intern**. Our recently modified internship program has been designed to offer students a greater opportunity to practically apply the knowledge they have learned in the classroom to learning situations in the field. We will be looking for three (3) interns at our locations in Howe, Indiana and Samaria, Michigan.

This internship is a full-time paid summer position and housing will be provided. Start and End dates will vary based on students academic schedule. A standard internship will be from May through the end of August. Please visit www.lennardag.com to learn more about our organization.

ESSENTIAL JOB FUNCTIONS

- Field Scouting
Check potato plants in the field for insect, disease, and weed pressure
- Soil Moisture Monitoring
Check the soil moisture of the field at the different points and make recommendations as to the irrigation and application schedule
- Sample Collection
Weekly collections of soil and petiole samples
Participate in the lab results interpretations and assist in making application decisions
- Quality Control
Monitor crop yield through yield digs and estimation
Potato Chip Quality Assurance and Potato "Table Stock" Quality Assurance
Diagnostic Tests
- Field History Recording and Monitoring
Each intern will be required to monitor and keep weekly field history reports for each of the fields that they are assigned for the duration of their internship.
- Operations
Students will have the opportunity to work directly with our operations staff and assist them necessary tasks to maintain the potato crop.
- Other labor activities as needed

Position Description Continued on Back ►

POSITION QUALIFICATIONS

- Must be currently enrolled in college or university and working towards a degree in agriculture or engineering
- Must be an undergraduate student in going into their junior or senior year
- Must be eager to learn, flexible, and hard working.

DEADLINES
