

SEASONAL EQUIPMENT OPERATOR

POSITION SUMMARY

Lennard Ag Company is a family-owned, three-generations deep business that's been producing and delivering quality vegetables and grain crops since 1947. Specializing in potatoes and corn, we grow over 7,500 acres. We combine strong industry traditions with cutting-edge agricultural practices, advanced technology, and the latest management practices. Anchored by our strong history, Lennard Ag Company's modern operations are complemented by their care for the land, their community and the people with whom they work.

We have a great opportunity available for someone to join our progressive company at our Howe, IN location as a seasonal **Equipment Operator**. This individual will be responsible for being a key equipment operator to run the planter, harvester, tractors, tillage, etc. 6-7 months out of the year. This individual must be willing to work extended hours 60-70 plus hours and weekends during the season.

ESSENTIAL JOB FUNCTIONS

- Operate farm equipment including tractors, tillage equipment, planters and harvesting equipment
- Daily preventative maintenance of equipment
- Repair tractors, farm tools and implements
- Keep accurate field records
- Other labor activities as needed

POSITION QUALIFICATIONS

- Ability to operate heavy equipment. Two years of experience required operating tractors, construction or other heavy equipment.
- Ability to work on a team as well as work independently
